We are the only hospital among the top 1 New Jersey (as ranked by New Jersey Monthly magazine) with a neurology residency.. Applicants who rank our linked program with St Peter's do not have to interview there, but may arrange a tour if they wish.. Peter's would not influence either our ranking of that candidate for our residency or the likelihood of matching into one of our three linked positions at St.. We look forward to hearing from you as you begin this exciting phase of your medical career.. PGY2's average 4 PGY3 average three overnight calls per month (including weekend day/night calls) plus one or two short weekend calls.. Peter's Format: The three years of the PGY2- 4 years are divided into rotations of four weeks each, totaling 1.. Have completed an approved AOA Internship Program (OGME RWJMS - Departments and Institutes.. For questions on administrative aspects of the program, please contact our residency coordinator, Janet Ryan, at (7.. Sincerely,Lawrence I Golbe, MDProfessor of Neurology and Residency Program Director.. New Brunswick is a vibrant college town of 4 Our hospital and medical school are in the commercial center of town, adjacent to the main campus of Rutgers University..

PGY4's have one or two weekend day short calls or (once in three months) one weekday/night call.. We have no minimum USMLE scores We do consider IMGs and DOs We support only J1 visas.. This would have to be by separate arrangement with that hospital's GME office.. The "short call" resident works in the hospital until 3 PM to help the "long call" resident who remains overnight.. Program Size: We have four residents in each year of the program As mentioned above, we cover only one hospital plus an attached pediatric hospital.. A four- week elective can be split between two or more subspecialties Away electives are also available.. We do not have a pre- match We accept applications only via the Match Do not confuse our program with those at Rutgers New Jersey Medical School (formerly UMDNJ- New Jersey Medical School), which is in Newark, or at Cooper- Camden Medical Center (formerly UMDNJ- Robert Wood Johnson Medical School), which is in Camden, NJ and is now part of Rowan University.. Faculty: Our department's clinical neurology faculty comprises 1 Our teaching effort is supplemented by three NIH- supported basic science faculty in our department and by clinical faculty in pediatric neurology, psychiatry, neuroradiology, neuropathology, neurosurgery, sleep medicine and pain medicine.. Here is some basic information about our program: Setting: Our residency uses one hospital, Robert Wood Johnson University Hospital in New Brunswick, NJ. e10c415e6f
